“We are helping churches reach out to their community through computer and English training.”

Imagine being in a church where the only words you understand are “Hallelujah”, “Amen” and “Wow!” We were thrown into that situation (or more so willingly put ourselves in that situation) on Easter morning and we are glad that we did. We attended this German-speaking church so that we’d get a better understanding of what it will be like to be a part of a native German church.

being connected within this small community of believers. God reminded us that the church universal is a wonderful family!

We realized that our ministry will be much like this one man’s actions towards us. We will support churches with the opportunity to reach into their community and welcome strangers into their midst. eDOT and TEFL seek to meet a need with integrity and professionalism (eDOT with computer training and TEFL with English) which in turn builds relationships and provides opportunities to share Christ. Being able to meet needs with integrity and professionalism reinforces trust and ultimately displays Christ. Even with language and cultural barriers, the Gospel is on display and at work. Although we

don’t understand German yet, we might never learn every language of the people with whom we’ll be working. This is why partnering with churches in those communities is so critical. We are offering native churches much needed support and they in turn are helping us become more effective in our ministry in order to show Christ.

Please pray with us as we move forward in the coming months. Our hope remains that we’ll be able to move over to Germany mid-October of this year! Our teams are excited to have us come aboard and we are ready to continue the work we began on this trip!

Following His Calling,

Thadd and Laura Davis

The eDOT Team

After the service, we had the opportunity to speak to a few members of the congregation—one of whom spoke English fairly well and proceeded to welcome us into their church.

Even with this language barrier, we could picture ourselves

Laura working at the current GEM International Headquarters in Mullheim, Germany (the office will move to Kandern, Germany once it is renovated)

Answered Prayers:

- God has given us a better understanding of our ministry and future home
- We are more excited than ever to move to Germany and begin His work!
- We know the area in which we’d like to live
- The Lord has brought us over half way in our support raising

Current Prayers:

- God’s working to open other churches to our ministry
- Safety as we travel all over the East coast this summer
- Strength as we say “goodbye” to our community in San Diego
- Discernment as we seek to raise our remaining support
- A renter for our condo in San Diego
